

By Kevin Siembieda

This week feels like it has been nonstop action. It started with the Superbowl Sunday snowstorm that dropped 16.7 inches of snow over most of lower Michigan. That led to the big dig out on Monday. The roads were so treacherous that I closed the office on Monday. I live a few miles away, so I came in to work for four hours or so, but even that short trip took a while and road travel was slow. The front of the office had snowdrifts right up to the front door that were three feet tall. Glad our snow removal service, *Dynamic Lawn Service*, was on the ball.

The rest of the week has flown by with my primary focus on getting books finished and to the printer and getting our AdeptiCon swag and promos in to them. The latter is mission accomplished. Still working on books. [Bizantium](#) , [The Rifter® #69](#) , [Chaos Earth® Rise of Magic Resurrection](#) , [Chaos Earth®](#) and [Robotech® Marines](#) are all being worked on, with other things, including new stuff on [DriveThruRPG](#) , also in motion.

UPDATE: The Rifter® Super-Subscription Drive

[The Rifter® Super-Subscription Drive](#) is going gangbusters! New subscribers and renewals are coming in at a good pace. It seems the unique and fun selection of FREE gift items are enticing a great many people into trying

The Rifter®

. That's awesome because I think once you have, you will enjoy it. As I've mentioned, I think

The Rifter®

is an often overlooked gaming resource that has real value for players and G.M.s alike.

[The Rifter® Super-Subscription Drive](#)

only happens once a year, and in addition to saving \$16.00 off the retail price, you can get some cool free gifts, so take a look at it. Please keep the orders coming and enjoy.

[Click here](#) to see the full description for your subscription options and choice of free gift in the Palladium Online Store.

UPDATE: Bizantium and the Northern Islands™ – End of February release

I have been putting the majority of my time and effort into [getting this book finished](#)

. I'm going much slower than I'd like, but this is a damn good book. The background, history, locations, O.C.C.s, monsters and just about everything has adventure hooks built into them. Good stuff. Artist *Charles Walton*

saw a bunch of the material I was working on and was quite impressed with what he read. In fact, it got us talking about future material we'd like to see for Palladium Fantasy. Artist

Ben Rodriguez

has a lot of great ideas too. Wish I could incorporate them all into this book, but we need to wrap it up and get it to the darn printer!

UPDATE: The Rifter® – February Release

Wayne Smith is finishing up his selection of material for [The Rifter® #69](#)

. And the rest of the art will be assigned over the weekend. I'm afraid this is another issue that has gotten pushed back as we focus on a bunch of other books and matters demanding our attention. Gaaahhh! But it is another great issue, and we're already working on

The Rifter® #70

as well.

UPDATE: Chaos Earth® Resurrection™ sourcebook – Spring release

I met with Chuck Walton on Wednesday to approve the tight pencils for [Chaos Earth® Resurrection](#). Wow, does it look great. Glitter Boys getting swarmed in combat. I'll see if I can get Wayne to post the pencil sketch in this Update. Chuck and I also discussed artwork for this title and a few other things. Man oh man, do we have great ideas for books. If only we all had more time in a day.

UPDATE: Robotech®: Expeditionary Force Marines™ Sourcebook

I have not had a chance to do anything new on [this title](#) yet, but I need to start assigning artwork for it next week. I want this book out in March. April at the latest.

UPDATE: Rifts® Book of Magic™ –

Available now

The [Rifts® Book of Magic](#)™ has been selling well since coming back in stock last week. Of course, it is an outstanding resource for players and Game Masters alike with 850+ spells, 370+ magic items and MORE.

Rifts® Book of Magic

™ is a must if you are going to be playing characters from

Chaos Earth® Rise of Magic

™ (coming back in print this month), and magic spells will be of great use if you are playing the

Minion War

™ series. Rifts® magic is easily adapted to

Palladium Fantasy®, Heroes Unlimited

™ and other settings. Heck, a couple dozen Ocean Magic spells have made it into the

Bizantium

book.

UPDATE: Robotech® RPG Tactics™

Palladium continues to work on a number of things to support and promote [Robotech®](#) **[RPG Tactics](#)**

™, including an ongoing FAQ to be posted online, color and paint guides, “step by step” detailed instructions for building the game pieces, and many other useful tools and information for your gaming enjoyment. We have also been doing a bunch of stuff to make the

Robotech® RPG Tactics

™ premiere appearance at AdeptiCon an outstanding one.

FREE Robotech® RPG Tactics Paint Guide Resource now available on [DriveThruRPG.com](#)

. This is a pair of PDFs of Robotech® mecha presented as black and white line art as well as in various color schemes. They are

a)

for your reference, and

b)

for you to use to create your own color schemes on the computer before you paint.

Australia & Europe Shipping Updates.

The container with the

rewards for Australian backers

is finally getting loaded onto the ship and setting sail this weekend! Meanwhile, the ship carrying European backers' rewards has passed through the Panama Canal and is currently chugging its way through the Caribbean. Oddly enough, the ship heading

for Europe will dock in Savannah, Georgia on Sunday, and the ship heading for Australia will dock in Savannah in Monday. The two could actually be in port at the same time, as they pass each other on their respective routes.

UPDATE: AdeptiCon – March 19-22, 2015, Chicago – www.adepticon.org

Preparations continue for AdeptiCon. We bagged up 1,000 Valkyrie sprues (two battloids) with the color advertisement card that goes with it for the AdeptiCon **swag bags**.

The package looks fantastic. I also selected some hardcover gold editions to donate for the Charity Auction and wrote the descriptions for all of it. The color 10% discount coupon is also printed and waiting

to go out to the AdeptiCon people. Getting very excited about this event.

<http://www.adepticon.org>

Wayne whipped up a banner for **Robotech® RPG Tactics**

TM and an animated Palladium Books logo for the AdeptiCon website – the latter is compliments of the incredible

Apollo Okamura

who has dabbled with, and taught classes on, animation. Nice. We'll be adding it to the Palladium website (along with other changes) in the future. Right now, the animated logo can be seen in the

[*Complete List of AdeptiCon Sponsors*](#)

. Slots are limited!

**UPDATE: DriveThruRPG.com –
FREE Robotech® RPG Tactics™
color guides and more**

Wayne has added some **Robotech®**
RPG Tactics™
supplemental material including four
game cards and the mecha
painting/color design templates.

The FREE Robotech® RPG Tactics Paint Guide Resource. The color

guide in the **R**

obotech® RPG Tactics™

rule book contains several classic paint schemes from the Robotech® universe, providing different visual options for every unit in the game. Ah, but what about those of you who want to create your own paint schemes?

Use these PDFs as work sheets to create your paint schemes and unique designs on the computer

before

you go to paint the actual game pieces.

Each of the PDFs provided contains the templates created by artist *Jeffrey Burke*

for the

Robotech® RPG Tactics™

rule book. They are in a digital format so that you can colorize and alter them using Photoshop, Paint, or almost any other graphics program to work out and test your original squadron designs. For your convenience, we included the

color art

as well as

black and white

“blank” versions of each unit for those

of you who want to start from the ground up.

Test out your paint schemes, see how units look next to each other, and get a feel for how your army will look before you break out the paintbrushes. Enjoy.

Much, much more is coming in the weeks ahead. We plan to add a bunch of new material to DriveThruRPG.com over the next several weeks, so keep

an eye on it. DriveThruRPG.com already offers

90+ Palladium Books titles available

as PDFs with more to be made available soon. They currently include the

Coalition Wars®/Siege on Tolkeen™

series,

Splicers® RPG, The Rifter® issues #1-58

(with more being added soon), and first edition rules of the

Rifts® RPG, Beyond the

Supernatural™ RPG, Heroes

Unlimited™ RPG, The Palladium Fantasy RPG®,

and

related 1st edition sourcebooks

for each. And more! Like what? Like

Fantasy Paper Miniatures

and

Game Master Kits

for digital download. They are available only as PDF files and were designed special to help you run your games and build campaigns. There are also sneak previews of books and other good stuff. Check it out! And let other gamers know they are available too. We'll be making more available on

DriveThruRPG.com

in the weeks and months to come. So take a look on a regular basis.

So much to do . . .

I've been coordinating a number of projects and taking care of various business matters, but most of my attention this week has been on getting **Bizantium** finished and to the printer. Will continue to do so. In fact, I was going over the *Random Sea Serpent Creation Tables* when I had to stop to write this Update. I'll be jumping right back into them as soon as I'm done. Sheesh, there is just so much to do on so many fronts, and everything seems to

take too much time. Been so busy, I've only posted one [Murmur from the Megaverse](#) ® this week so far, but more are coming. Stay positive and game on.

That's because, even when late,

The Rifter

® has been so consistently good, it is hard to say no to the

Super-Subscription Drive

.

The free gift is always a nice incentive, and this year the selection is truly unique and fun. I have dug through the Palladium archives to make a number of out of print titles and “special” items available. For us, gaming is all about friends and fun, so enjoy and have fun. **Note:**

**4. The Rifter® has been
outstanding and is the place
to find regular source material
for **Beyond the
Supernatural**
TM**

**, Palladium Fantasy®,
Splicers**

®), and

Heroes Unlimited

™ and other settings. And future issues will have more playing and G.M. tips.

If you haven't taken a look at *The Rifter*® lately (if ever), I suggest you try an issue.

The Rifter®

is an excellent source of ideas, characters, monsters,

villains, powers, magic and adventures for your own game. Even articles designed for settings you don't play are likely to offer ideas and material you can easily modify and incorporate into your campaign. In fact, drawing on concepts from outside the usual setting can spice up your game and keep players guessing.

The Rifter

® is a great tool for that.

That's the beauty of the
Palladium
Megaversal Game System
; you can often take
characters, gear and ideas
from one world setting and
drop them into ANY of the
other settings with no or little
work. Other times, the amount
of modification is minimal to
make it work in a different
setting. That means a
monster from
Palladium Fantasy

® can be easily used as a monster, mutant or alien in **Heroes Unlimited™, After the Bomb®, Robotech®, Rifts®, Nightbane®, The Mechanoids®, Chaos Earth®**

or

Splicers

®, and

vice versa

. What needs to be adjusted?
Perhaps just changing Hit

Points/S.D.C. and damage to Mega-Damage, or M.D.C. and M.D. to Hit Points/S.D.C., or some other minor tweak.

Characters from **Heroes**
Unlimited

TM

and

After the Bomb

® can be from the future, or the past (depending on the setting), or they can be

mutants, or aliens, or beings from another or parallel world. As I am so wont to say, *you are limited only by your imagination*

. The same holds true for towns, cities and adventures – use that place and the adventure ideas tailored to a different setting. Sure you may have to swap out monsters and treasure, or adjust motives, but you might be surprised how easy, fun

and different that adventure plays out in a different world environment. And

The Rifter®

is the ultimate source for alternative, new and different ideas, adventures, characters, and story ideas. All of which can be tweaked to fit most settings, as can optional rules.

The Rifter

® is a factory for alternative ideas.

The Rifter®

Super-Subscription Offer is
your chance to try

at a discount price and get a

Rifts® Secrets of the Coalition States: The Disavowed

**“Desperate times
require**

desperate
measures. War
has nothing to do
with morality or
justice. It's all
about winning or
dying. We
cannot bind our

hands with high
ideals, even our
own, or worry
about the laws of
renegade
nations or the
rights of alien
people. We must

fight fire with fire.
And you are the
match.” –

*Colonel Lyboc
addressing a
Disavowed team*

The Disavowed
are so Top
Secret that their
existence is
known only to a
handful of the
Coalition States'
most elite, top

echelon, with *Joseph Prosek II*
the mastermind
behind the
Disavowed
operation, and
Colonel Lyboc its
shadowy face.

Find out who
these men and
women are. How
the Disavowed
get away with
using magic,
traveling to other
parts of Rifts

Earth and even
to other
dimensions in
pursuit of
enemies and
strategic
information that
cannot be had

through
conventional
means. Learn
about the secret
parameters in
which these
hard-boiled
warriors, secretly

hand-picked by
Joseph Prosek
II, operate, why
almost every
mission is
considered a
suicide mission,
and why they

must forever be
the Disavowed.

- CS
operatives so
secret that even
the top military

**and political
leaders right up
to Emperor
Prosek *kno*
w nothing about
*them***

**. And if they did
know, would**

**they condone
their activity or
condemn it?**

**- Are the
Disavowed
heroes or
renegades?**

**Assassins or
soldiers?**

**Madmen or
super-patriots?**

**Or a little of
them all?**

**- Unsung
